

Add IncidentCODE to Immix Location - Procedure

Step 1: Add the IncidentCODE device driver to the Immix location.

(Note: No settings in the driver are required, only the adding of the device)

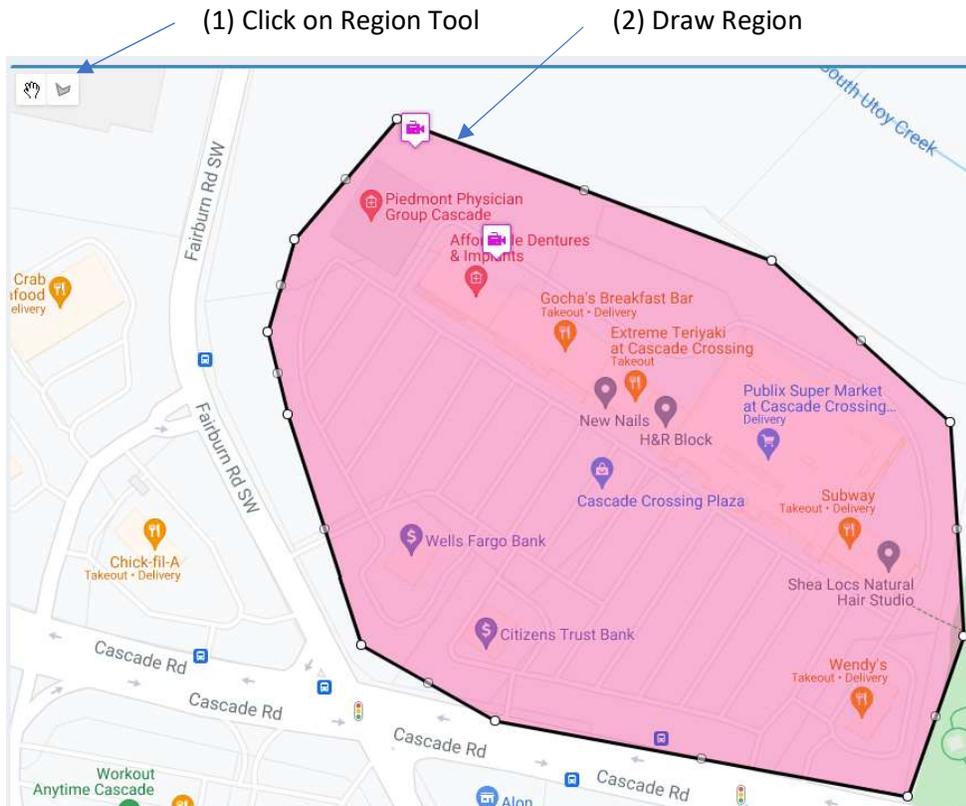

Step 2: Login to: admin.policepriority.com

Step 3: Use the left-hand Menu to go to 'Locations'

(Note: Immix and IncidentCODE can take up to 60 seconds to sync)

Step 4: Draw a region around the protected area.

Step 5: Add camera GPS locations inside Region.

(Note: represent the camera's field of view and NOT the exact camera location)

(2) Place camera

(1) Enable camera

The screenshot shows a web interface for managing security cameras. On the left is a map with a pink-shaded region. Various business locations are marked on the map, including Piedmont Physician Group Cascade, Affol Le Dentures & Implants, Gocha's Breakfast Bar, Extreme Teriyaki at Cascade Crossing, Publix Super Market at Cascade Crossing, New Nails, H&R Block, Cascade Crossing Plaza, Wells Fargo Bank, Citizens Trust Bank, Subway, Shea Locs Natural Hair Studio, Wendy's, and Evelyn G. Lowery Library @ Cascade. On the right is a sidebar with a 'Regions (1)' section containing 'Entire Property' and a 'Devices (17)' section with a '+ Add Device' button. The device list includes:
